1. INTRODUCTION

The purpose of the manual is to guide each new GSLifestyle member through starting up, upgrading, and using the platform, to aid in managing Fiat, Crypto, and Debit Card functionalities.

This document was created to guide you step by step in navigating through the various processes and to ensure that these activities are completed in the most efficient manner. It is intended that this document will show you what is needed to complete any of your transactions.

It is assumed that you are using an internet browser on a desktop computer or laptop to navigate the websites and that you have access to a phone with an authenticator application, such as Google, Microsoft, or LastPass (Authy not recommended as it does not work well with dark-themed QR-codes). It is also assumed that your phone has a camera to facilitate taking pictures for registration.

Welcome to GS Lifestyle!

Michael Amann

1.1 Disclaimer

I am not an employee nor of GSPartners Corporate, nor have I received any material from any member of the GSLifestyle nor GSPartners corporate teams in the preparation of this document. The content was prepared mainly based on my own navigation of the platforms that any user can do, thus the focus was based on what tasks the typical user needs to do to get things done. As such, the format is prepared as a Quick Reference format, with the layout in the Table of Contents presented in the same order as the menus found on the GSLifestyle dashboard.

This work was started based on a request from fellow GSPartner Shemeen Teja via our team leader Nitsa Nakos for an onboarding document showing the registration process step by step. The decision to expand the work to cover the use of the entire platform was fully my own.

If you find value in the use of this manual, and would like to contribute a token of appreciation for the effort in preparing and updating it, feel free to send a gift of US\$15 (or your desired gift of any amount) to my **GSL US Acct #580004681** or **BTC Address 3G46QuGF1UFbTGcqSX1xeeN9QbN5HCpFZn**. ;-)

2. REGISTRATION

GS Lifestyle (GSL) is a product provided exclusively by **GS Partners (GSP)**. In order to obtain access to GSL, you will first need to register for a GSP account, then get KYC approved. Registration in GSP is by invitation from existing members only via a registration or referral link.

GSPartners Registration Links

The main link to register is as follows:

 <https://gspartners.global/register?sponsor=xxxxx>

Replace the 'xxxxx' with the username of the person who shared their registration link. The person who invited you to join will provide their own individual username for you to use.

There are other referral links, each taking you to a different Landing Page (LP) to highlight different products or services, but all provide access to the very same REGISTER button in the top left menu.

Referral links always start with gspartners.global and end with `?ref=xxxxx` where `xxxxx` is someone's username.

Landing Page Examples:

GSPartners Opportunity Sizzle LP: <https://gspartners.global/gsmembership?ref=xxxxx>

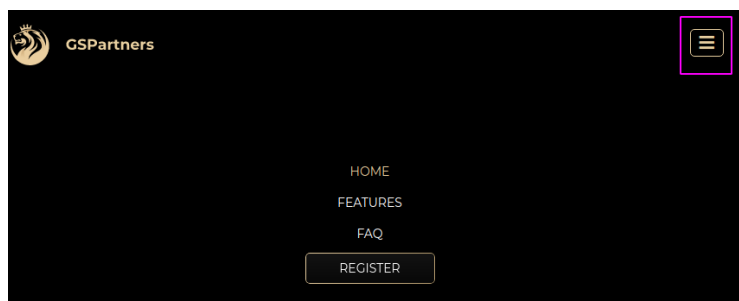

Marketplace LP: <https://gspartners.global/marketplace?affiliate=xxxxx> (GSPartners Shop)

Crypto Card 1 LP: <https://gspartners.global/crypto-card?ref=xxxxx> (Focusing on Global Card Solution)

Crypto Card 2 LP: <https://gspartners.global/crypto-card-home?ref=xxxxx> (Focusing on World of Crypto)

Tip:

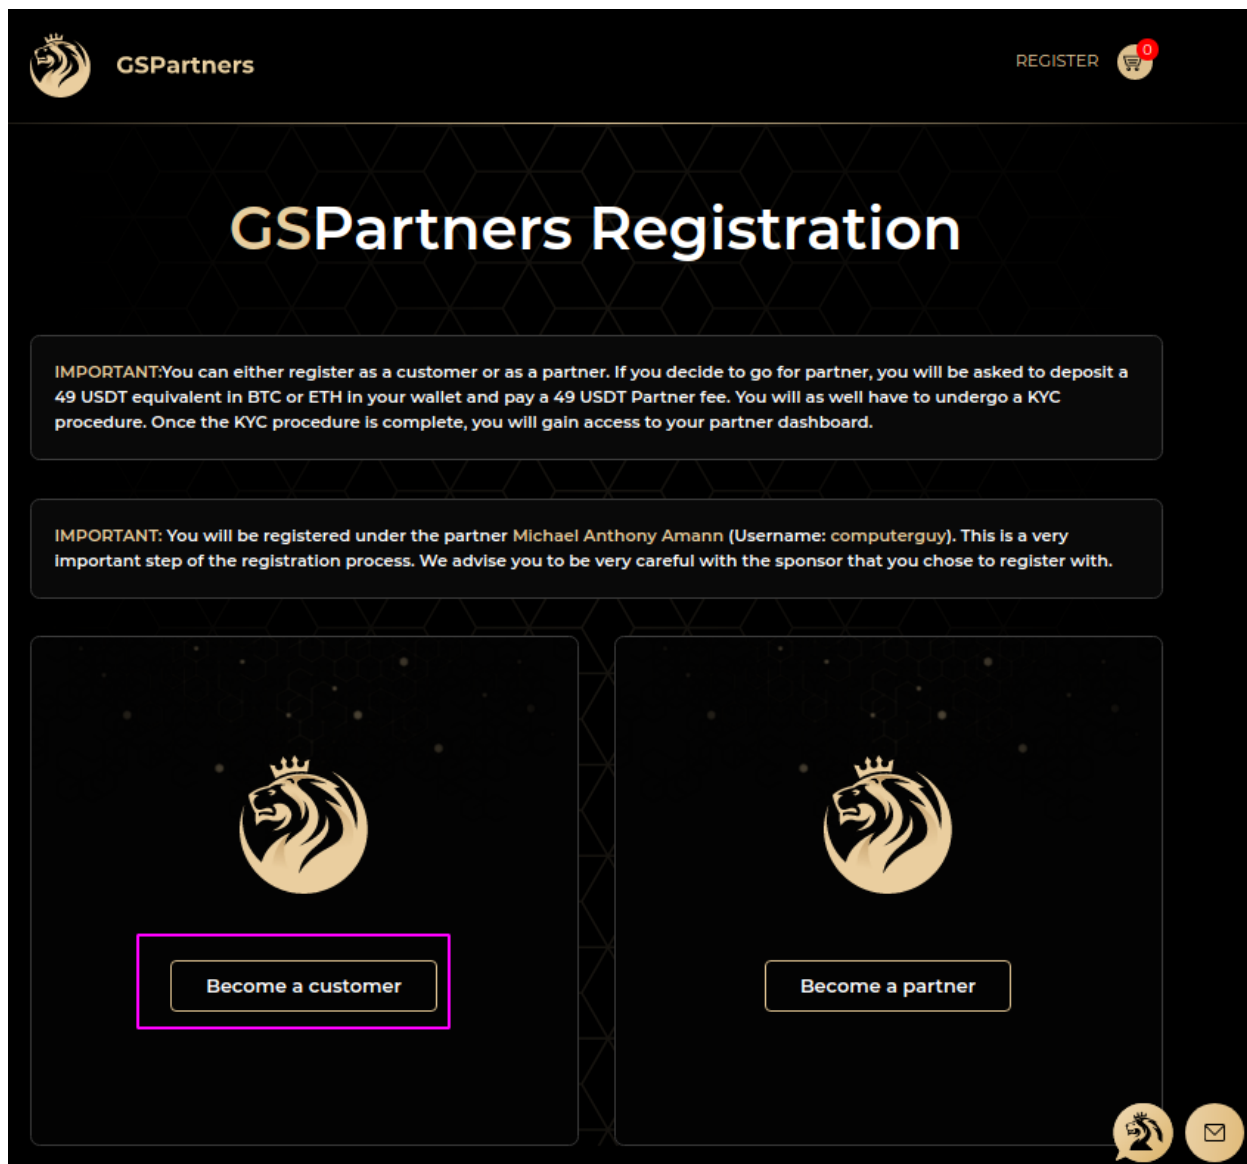

- To preview the content of the various Landing Pages, simply retype one of the above examples, replacing `xxxxx` with your inviter's username.
- If the browser window is of lower resolution, rather than menu items being displayed across the top of the page, instead a 3-line box will show at the top right of the screen, **Click on the 3-line box** to access the menu.

2.1 How To Register For A GS Partners Account:

- Copy the Referral Link and Paste it into the URL bar of the preferred Internet Web Browser, **press ENTER**
- Locate and click on the **REGISTER** button.

- The GSPartners Registration Page will be displayed. **Review the information on the page.** Pay particular attention to the name and username of the partner is that of the person who invited you.
- Once all the information is validated, **Select “Become a customer”** (you can choose to Become a partner later if desired)
- The Register form will be displayed. **Confirm the “Sponsored By” field,** ensuring that it is the username of your sponsor. Also, **confirm that you choose to become a CUSTOMER.**

- Fill in the following fields:
 - FIRST NAME
 - MIDDLE NAME (if one exists on official ID)
 - LAST NAME
 - EMAIL ADDRESS
 - PHONE NUMBER (select Country Code from the drop-down list on the left)
 - Preferred USERNAME
 - PASSWORD
 - CONFIRM PASSWORD
 - Select the following checkboxes:
 - 'I Agree with **General Terms & Conditions**
 - I have read, understood, and agree to be bound to the terms of the **Partner Agreement**
 - I have read, understood, and agree to be bound by the terms of the **Electronic Signature**
 - Click on the “I’m not a robot” Captcha security check, then drag the missing piece back in its place.
 - Click on **REGISTER**

An email with a validation link will be sent to the email address entered in the registration form.

Validate the Email Address

- Check your Email for a new email from **GSPartners** with the subject line ‘**Verify Your Email**’
 - If email is not found within a few minutes, or timed out, return to the browser and click on ‘here’ to resend the validation email
 - If you receive the email, open it and **click on the Verify Email Address** button
 - Log in to GSPartners.global with email address and your own selected password.
 - **REGISTRATION COMPLETE!**

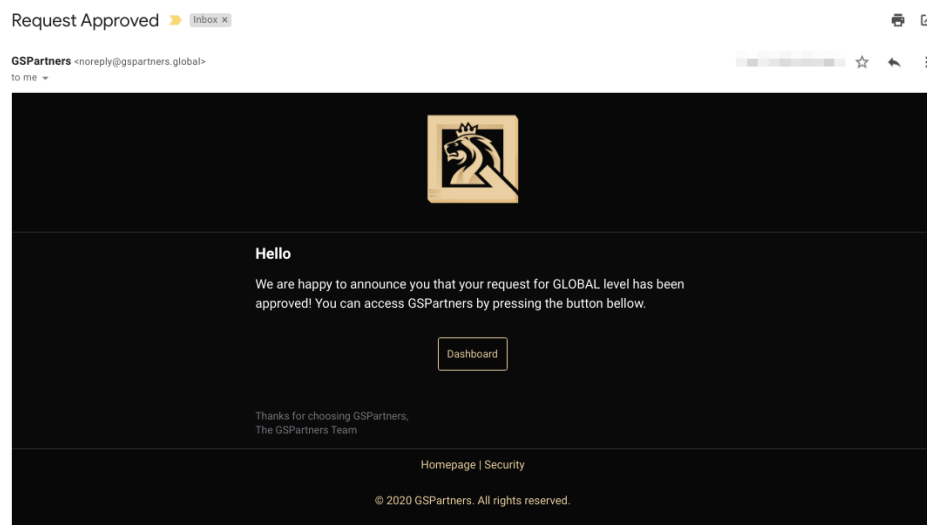

2.2 Get GS Partners KYC Approval:

- Go to <http://GSPartners.global> website

- Sign In with email address & password (including I'm not a robot" captcha code and relevant checkboxes)
- Close any Pop-Ups windows that may appear
- On the left-hand side of the screen, different menu options will show. Scroll down to the last menu item called '**Settings**', then select '**KYC**'
- Fill in the following information:
 - **Address**
 - **State**
 - **City**
 - **Country**
 - Click on 'Select'
 - Search for country name and select it
 - **Zip Code** (if applicable)
- Upload picture of Selfie with ID (ID can be Drivers License, National ID or Passport)
- Upload Picture of ID Front
- Upload Picture of ID Rear (if ID does not have a rear, reload the picture of the ID front)
- Click on the **Submit Request** button
 - A message will display "**Your request is being processed. You will receive an e-mail once the KYC procedure is completed.**"
- Check your email for a new email with the subject line **Request Approved**. If not seen in Inbox, check junk mail or spam (response will typically take 1-2 days).

- Open **Request Approved** email.
- Click on **Dashboard** to re-login to GSPartners.
- **KYC APPROVAL COMPLETED**

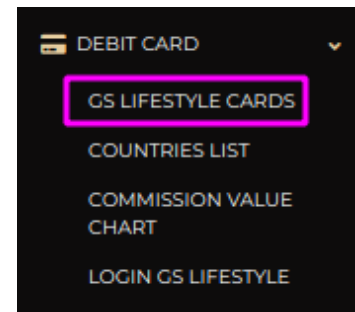

2.3 How to Order and Pay for GSLifestyle Card and Membership

There are six (6) membership levels to choose from. Crypto is required to order any membership, except for the Starter, which can be paid for with an available international credit/debit card. If you have no crypto, then you can order the Starter Plan, load your US account with enough funds to purchase the crypto needed for the order, send this crypto to GSPartners, using GSB Direct, then login to GSPartners to order your desired membership.

2.3.1 Order Desired Card Membership Level

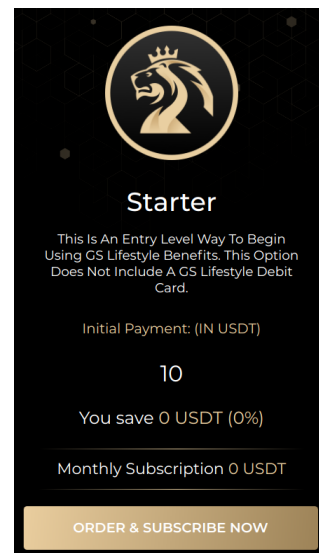

- Login to **GS Lifestyle.Global** (Close any pop-ups that may show up)
- Click on menu item **Debit Card**
- Click on submenu **GS Lifestyle Cards**.
- Scroll down to message **"Order Your Lifestyle Card"**
- Click on the button **"Order Now"**

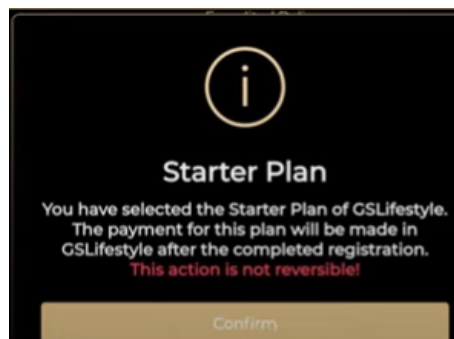

The selection of all the GSLifestyle membership options will be displayed.

- If you have enough crypto in your GSPartners crypto wallet (see section 2.4.3 to learn how to deposit crypto to your GSPartners wallet), select your desired membership and click on **“Order Now and Subscribe Now”**
- If you do not have any crypto, Select the Starter then click on **“Order Now and Subscribe Now”**

- If Starter was chosen, a window will pop up, indicating that GSLifestyle Starter Plan was selected and that the payment will be made in GSLifestyle after registration.
- If another membership was chosen, the message will indicate that the payment was successful and that you will now proceed to the GSLifestyle Registration
- Click on the **‘Confirm’** button.

- A GSLifestyle Registration form will be displayed on the screen. Enter the information is entered for the following fields:
 - **Email Address** (ensure it is the same as used in GSPartners)
 - **Password**
 - **Confirm Password**
 - **First Name**
 - **Last Name**
 - **Country**
 - **Birth Date**
 - **Mobile Number**
 - Click on Country Code, select relevant Code based on country flag/abbreviation
 - Enter rest of mobile number
 - **Zip Code**
 - **City**
 - **Address**

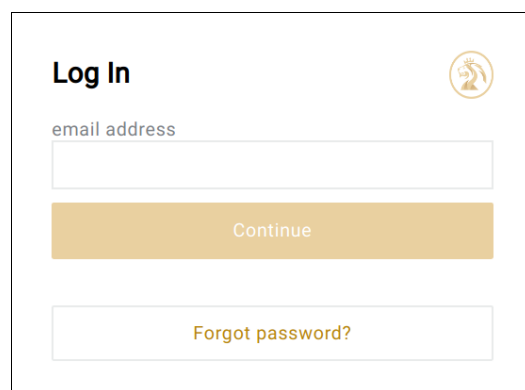

- If not US Citizen, leave **SSN** and **State** fields blank
- If US Citizen, fill in **SSN** and **State** fields
- Click on '**Register Now**'

When this Registration is submitted, the data is sent to the GSLifestyle systems. You will now be able to log in to the GS Lifestyle system using your email address and password.

2.3.2 Pay for Starter Plan

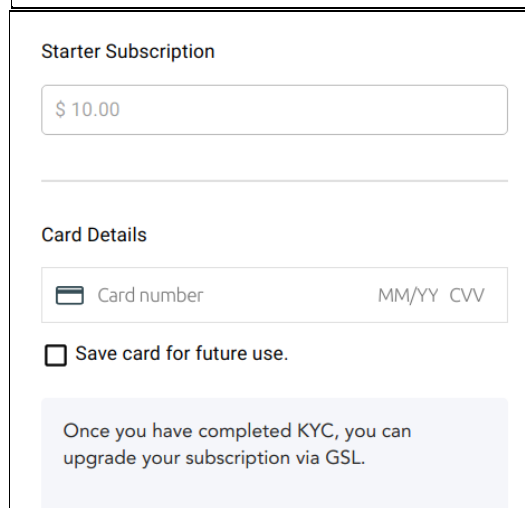

The starter plan price is US\$10. To pay this fee to get started, you will log in to your GSLifestyle account and pay this subscription using an international credit/debit card.

- If not already signed in, Login to **GSPartners.global** (close the popup screens)
- On the GSPartners menu list of selections at the left of the screen, Click on **GSLifestyle**
- Click on **Login GSLifestyle**
- The GSlifestyle Login page at **gslifestylecard.com** will appear.
 - Enter GSlifestyle **Email Address** and **Password**
 - Click on **Continue**

The screenshot shows the 'Log In' page of the GSlifestyle system. It features a header with the GSPartners logo. Below the header, there is a section for 'email address' with a text input field. A large orange 'Continue' button is positioned below the input field. At the bottom of the login section, there is a link that says 'Forgot password?'.

-
- The '**Starter Subscription**' window will pop up with the \$10 field automatically filled in.
- **Enter Credit or Debit Card information** to pay the \$10 in 'Card Details'
- **Select the checkbox to 'Save card for future use'** (if the same card is to be used in the future)
- Click on **Continue**

The screenshot shows the 'Starter Subscription' and 'Card Details' page. The 'Starter Subscription' section displays a price of '\$ 10.00'. Below this, the 'Card Details' section includes a card number input field, a 'MM/YY CVV' field, and a checkbox labeled 'Save card for future use.'. At the bottom, there is a light blue box with the text: 'Once you have completed KYC, you can upgrade your subscription via GSL.'

- An email will be sent to confirm that the payment was successful. (If email not seen within a reasonable time, please check Spam, Junk Promotions or another email filter)

2.3.3 Submit GSLifestyle KYC for Approval

KYC Documents will need to be submitted within 30 calendar days from the date of applying for and paying for your subscription. KYC is a mandatory requirement and you can use any one of the following official government-issued photo IDs (Passport, National ID, or Drivers' Permit) - dependent on country. This submission can be done in as little as 10 minutes.

- Login to **GSLifestylecard.com** (if not already logged in)
- Complete GSLifestyle KYC of Photo ID
 - Select **issuing country/region**
 - Select **ID Type** (Passport, Drivers Permit, National ID) - actual documents can vary based on country
 - Select **'Take Photo'**
 - Center ID in Camera, ensure all details are clear, click **Start**
 - Take Live camera picture of ID Front, ensuring all corners of ID are captured and positioned within the frame. **Tap the Camera Icon.**
 - Take Live camera picture of ID Rear (if required in your country), ensuring all corners of ID are captured and positioned within the frame. Click **Start**, then **Tap the Camera Icon**
 - Review the picture for quality and Retake if needed
 - Ensure your entire head circumference is captured in the Oval frame while looking directly at the camera. The room should be well lighted to minimize shadows on your face. Click **Start**
 - Once your face stabilizes in an oval camera frame, click **'I'm Ready'**
 - Follow instructions to move your face closer to the camera, slowly, with eyes staring directly at the lens, ensuring that your face remains in the displayed Oval.
 - Notification will be seen **'Waiting for Verification Approval, Please Wait while processing...'**
 - A notification email from GSLifestyle with the subject 'KYC Approval' will be sent to you once the submission is successfully approved (This can take approximately 1 day or sooner)

NB:

- *If any challenges are experienced during this data capture, Email a copy of ID Front/Back and Selfie to support@gsstylecard.com*
- *Until the KYC is approved, you will be unable to access any menu items if you are attempting to login to **gsstylecard.com***
- *If the KYC is not approved, an email will be sent indicating the reason for non-approval, typically due to blurry pictures or data discrepancies. You will be asked to resubmit the corrected document/information.*

2.3.4 Complete GSLifestyle Setup

Once KYC Approval is successful, the security settings for the GSL Account will need to be completed. This includes confirming your Email Address, Telephone Number, and setup of 2FA. Once done, all transactions (including logging in) will require the entry of the 2FA verification code to proceed.

- Login to **GSLifestylecard.com** (if not already logged in)
- Click on **Settings**
- In the **Account** submenu
 - **Verify Email.** This will submit a 6-digit validation code to your email. Enter validation code once received, then click **Confirm**.
 - **Verify Phone Number.** This will submit a 6-digit validation code to SMS text on your phone. Enter validation code once received, then click **Confirm**.
- In the **2 Factor Security** submenu, click **Update 2FA**
 - **Copy your Recovery Code.** Manually write this down, or take a screenshot. This is very important because if your phone is lost, damaged or upgraded, this code can be added to 2FA on another device. If it is not done, then you will no longer be able to access your GSLifestyle account.
 - **Open Authenticator App** on Phone device (eg Google, Microsoft, Last Pass or another preferred Authenticator app)
 - **Scan the QR Code** displayed on the GSLifestyle screen
 - A new entry labeled GSL (your email address) will be displayed on the authenticator app.
 - Enter the 6-digit code currently displayed on the authenticator app to confirm setup
 - Click **Confirm**

2.4 How To Upgrade GSLifestyle Membership from Starter

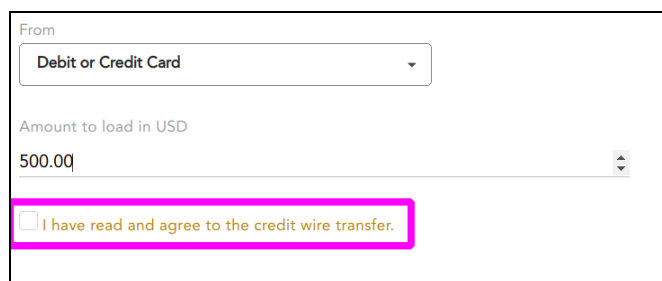

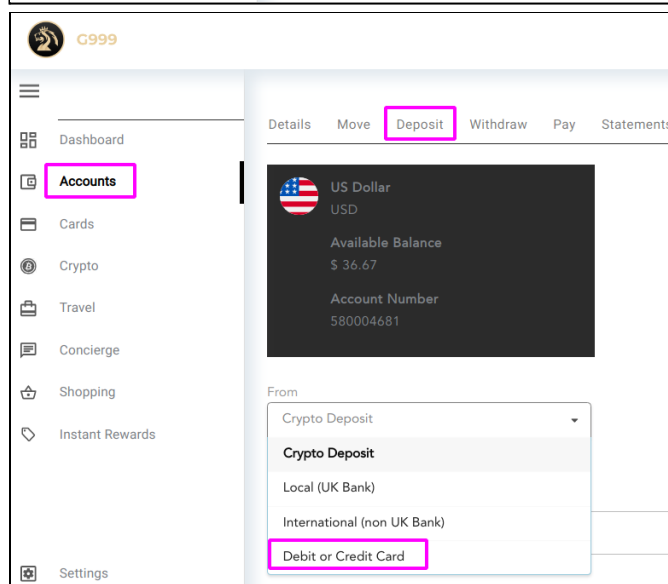

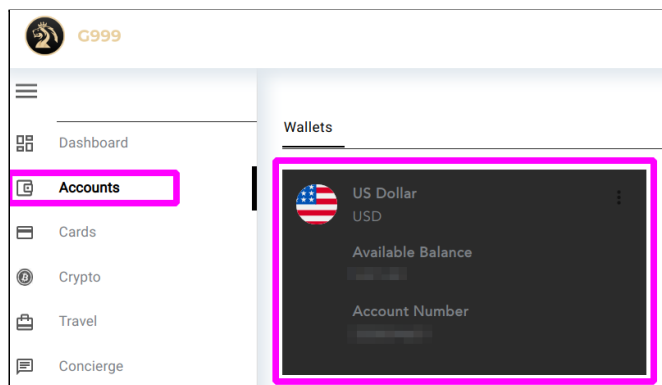

The steps described here assume that you have subscribed to the **GSL Starter Plan** and that you now want to upgrade to one of the higher membership plans, in order to have access to a physical card and additional features. The initial load on the Starter Plan allows you to load up to US\$5000 in Fiat to the USD account, which can then be used to purchase Bitcoin (BTC) in order to upgrade your GSL Membership.

In this example, we assume the user is upgrading to the **Aluminium Membership**, which has a retail cost in GSPartners of 435.00 USDT in BTC. However, to mitigate the risk of value loss due to fluctuations in BTC value and transfer fees, this process will use US\$500.00.

2.4.1 How To Topup USD Account from Credit/Debit Card

- Login to **GS Lifestyle card**
- Select the **Accounts** menu
- Select the **US eWallet** by clicking selecting the US Dollar dark box area. This activates additional menu items related to eWallet Accounts.
- Select the **Deposit** menu item
- Select From, then choose '**Debit or Credit Card**' from the selection list.
- For **Amount to load in USD**, Enter 500.00
- Select the checkbox 'I have read and agree to the credit wire transfer'
- If the card used for purchasing the US\$10 Starter Plan was saved for later use, it will appear on the selection list for Select Card. If this is the card to be used, then **Select Card**.
- If this is not the loading card being used, then add another by selecting **Use Different Card**
 - Enter New Loading Card Information (which must be in the account holder's name)
 - Select **Save Card for Later Use**
 - Click on **Pay Now**
- Click **Confirm**

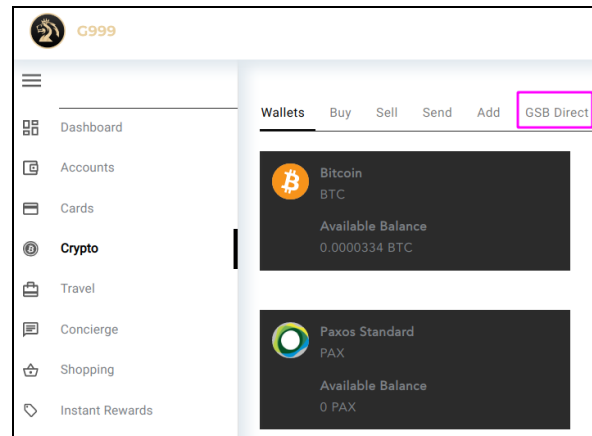

2.4.2 How To Buy Bitcoin (BTC) and Send to GS Partners with GSB Direct

When using this service, your Crypto will be credited to your GSPartners account held by GSB and will not be visible within your GS Lifestyle wallets. As such, if any issues are experienced, GSPartners support should be contacted.

- Select **Crypto** in GSLifestyle menu
- Select the **GSB Direct** tab in the top menu

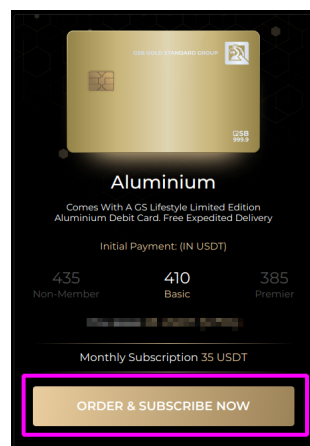

- Enter the USD Amount or Tap on **Available Balance** in the USD field, eg 500.00
- The amount of BTC this will acquire at transaction time will be calculated and displayed in the BTC field automatically.
- Read and Accept Terms and Conditions and Privacy policy, then **Click on both checkboxes**
- **Click on Confirm**, then **Enter Password** to place the order.
- The GSPartners BTC Wallet will be credited with the required amount of BTC.

2.4.3 How To Upgrade GSLifestyle Membership

Now that we have the BTC deposited in the GSPartners account, we can proceed to upgrade to the desired membership level, in this example, to Aluminium.

- Login to **GSPartners.global** (close all popup menus)
- In the Left Panel menu, select **Debit Card**, then **GSLifestyle Cards**
- Click on **Order Now**
- Select **Aluminium**, then **Order and Subscribe Now**
- In the Currency Selection popup window, **select the BTC symbol**
- Click **Confirm**

Your GSLifestyle membership is now successfully upgraded. You now have access to additional fiat accounts, crypto wallets, higher account balances, and more, according to your own individual selected membership.

The selected physical debit card (according to the membership selected) will take between 2-4 weeks for delivery (or sooner). While waiting, you have access to use all GSLifestyle services based on membership, including topping up the debit card to ensure that funds can be immediately available on the card once it is received and activated.

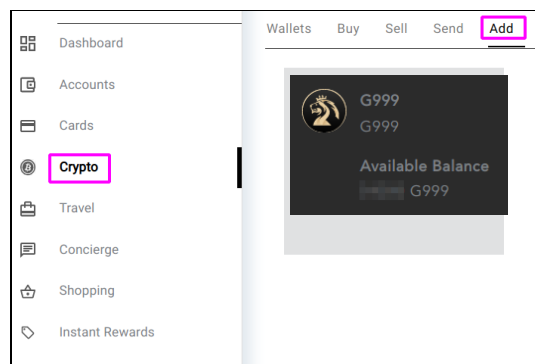

2.4.4 How To Add G999 Wallet to Prepare for Card Activation

In order to activate the card, there is a requirement to have a G999 wallet added to the platform, with a minimum of 500 G999 coins in it. Thus while waiting for the card to arrive, this is a great time to learn how to use the platform by learning your first 2 skills:

- (1) how to add a crypto wallet (detailed explanation in section 6.5)
- (2) how to buy crypto (detailed explanation in section 6.5)

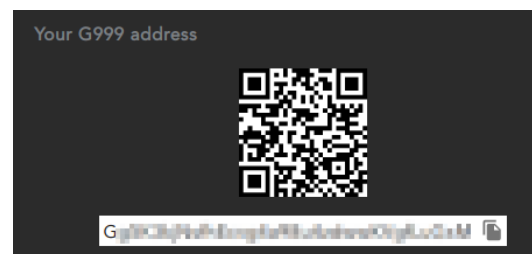

(1) How to add a G999 crypto wallet

- Login to **GSLifestylecard.com**
- In the Left Panel menu, select **Crypto** to access the Crypto Wallets Dashboard
- Click on **Add**.
- A list showing all the available cryptos will be displayed, each in its own box.
- **Click on the G999 box**
- A Window will popup confirming that you have read and agree to the Digital Asset Agreement. **Click on Checkbox.**
- Click on **Create Wallet**

- The QR code along with the text address of the generated G999 crypto wallet will be displayed. Note that the format of the G999 address always starts with the letter 'G'.
- Click on **Back to List** to be taken back to the Crypto Dashboard, which will now include your newly added crypto

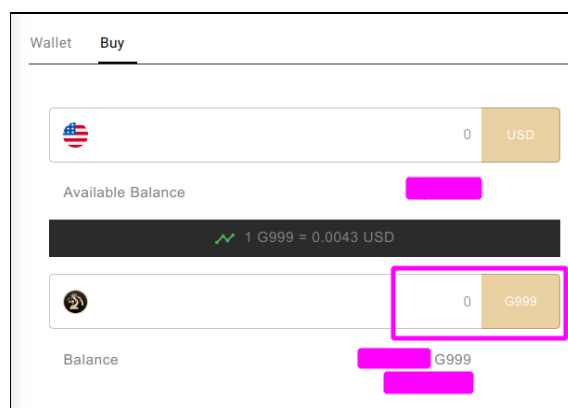

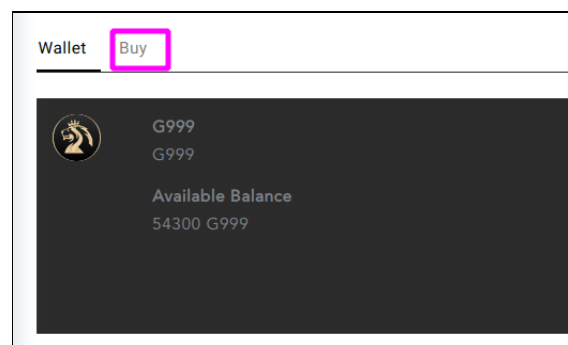

(2) How to add G999 to the G999 wallet

There are 2 ways that G999 coins can be added to the G999 crypto wallet.

(i) Have coins sent to the wallet from another G999 wallet. G999 is available on multiple exchanges, such as GSTrade Exchange, HitBTC, BitForex, even GSPartners. However, due to the minimum sending amounts on these platforms, it may be difficult to send just 500 G999 coins to GS Lifestyle's G999 wallet address. It will actually be easier to send that small amount from decentralized G999 wallets, such as the G999 Web Wallet or Core Desktop Wallet.

(ii) Simply follow the process to buy crypto:

- Ensure funds are available in US Account
- Click on the Crypto menu
- Select the G999 wallet and **Click on Buy**
- **EITHER**
 - **Enter the amount of fiat currency** to purchase the G999. The amount of G999 that will be obtained will be automatically updated in the G999 field
 - **OR Enter the amount of G999 units** that need to be purchased eg 500. The amount of fiat currency needed will be automatically updated in the fiat currency field.
 - **Review the transaction details** in the grey window showing the Send fees, Total fiat to be debited and Total G999 to be received
- **Click on the checkboxes** to agree that you have read the Terms and Conditions, Privacy Policy, and to accept clause 3F of the Privacy Policy
- Click on **Confirm**

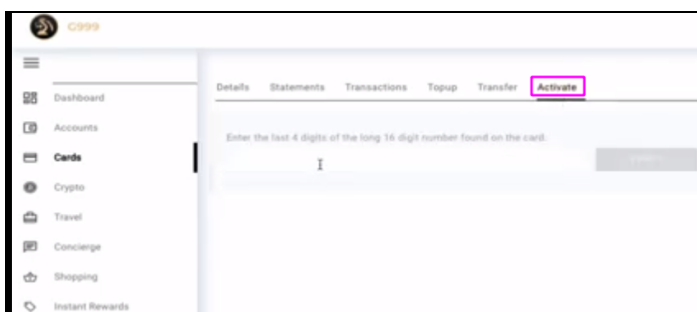

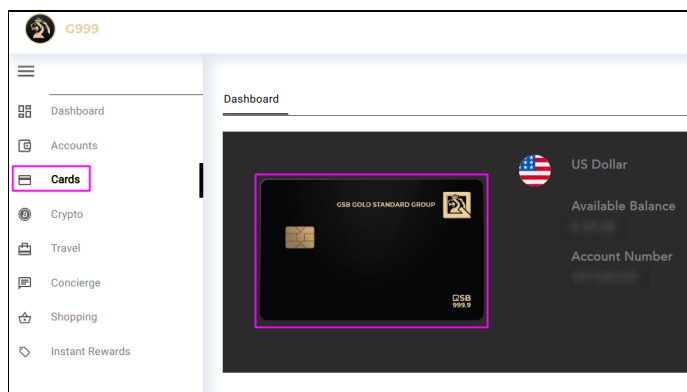

2.5 How To Activate The Debit Card

Once the card is received, it will need to be activated and loaded before it can be used.

2.5.1 Activation

- Login to **GS Lifestylecard.com**
- In the Left Panel menu, select **Cards**
- Click on the image representing the debit card, to get access to the additional menus
- Click on **Activate**
- Enter the **last 4 digits** of the 16-digit number found at the back of the card
- Click on **Verify**
- Enter **Password** to activate
- Click **Confirm**
- You will receive the message “**Thank You, your card has been activated successfully.**”

2.5.2 Finding the Card PIN

- Login to **GS Lifestylecard.com** (if not already logged in)
- In the Left Panel menu, select **Cards** to access the Cards Dashboard
- Click on the image representing the debit card, to get access to the additional menus
- Click on **PIN**
- Enter **Account Password**
- Click on **Submit**

A message will be displayed as follows:

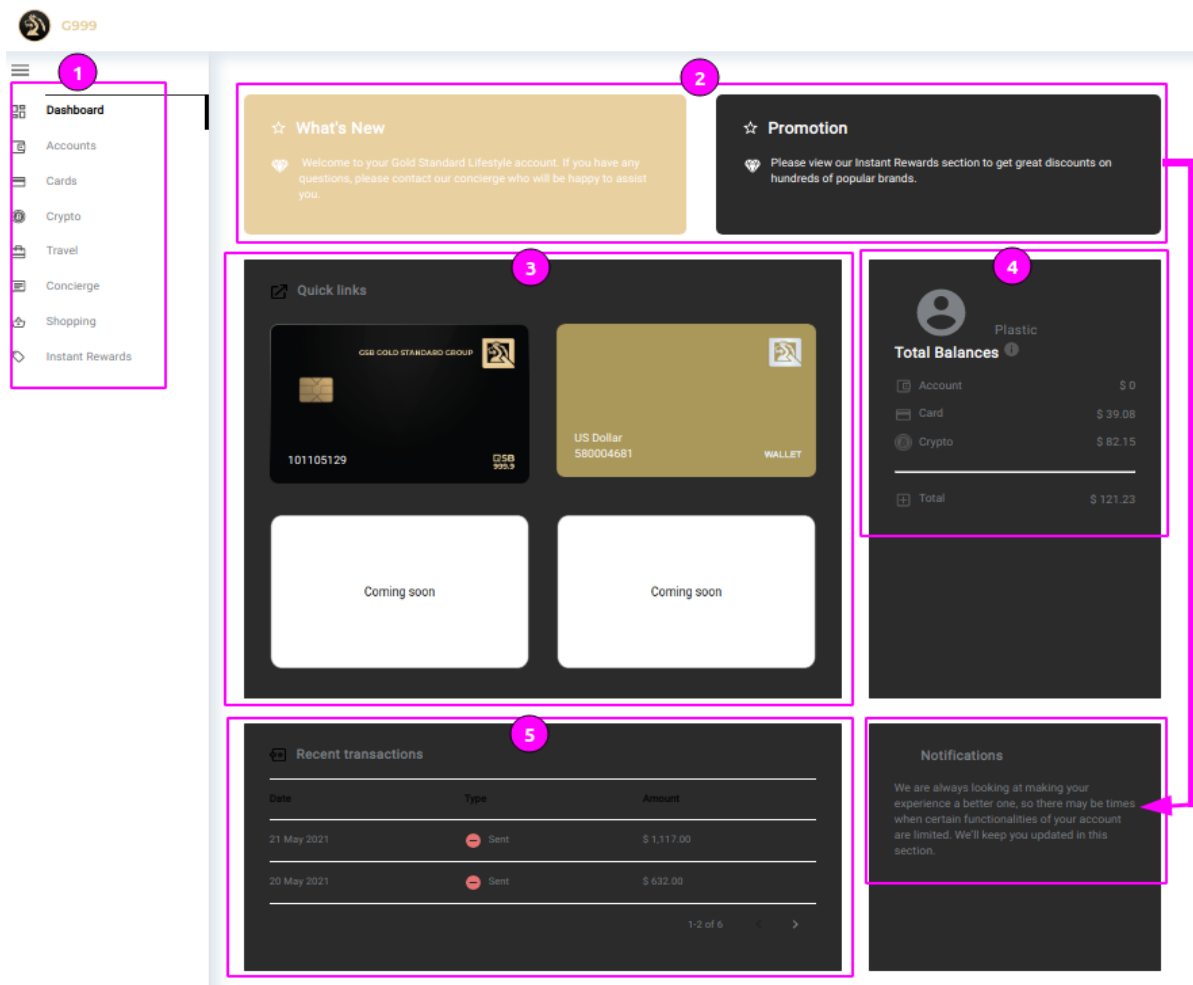

Your pin is XXXX (where XXXX is your PIN)

This Pin will be displayed for only 15 seconds, after which you will be redirected to the cards dashboard automatically.

3. THE GSLIFESTYLE DASHBOARD

When you successfully login to the GS Lifestyle platform, the Dashboard is displayed.

The Dashboard is divided into five (5) main sections:

1. **Navigational Menu.** To allow the user one-click access to the menu sections for Fiat Accounts, Debit Card, Crypto Wallets, Travel, Concierge, Shopping, Instant Rewards, Settings, and to Logout.
2. **Message windows.** Displaying Whats' New from the company, any current Promotions, and also any other general Notifications.
3. **Quick Links.** To easily access the Debit Card and Fiat Account menu items, click on each respective image (which also displays the account number of each).
4. **Total Balances.** Presents the Total in every asset class (Fiat Account, Card and Crypto), along with the overall Gross Total of all assets.
5. **Recent Transactions.** Highlighting the most recent send or receive activities.

4. ACCOUNTS (Traditional Currency eWallets)

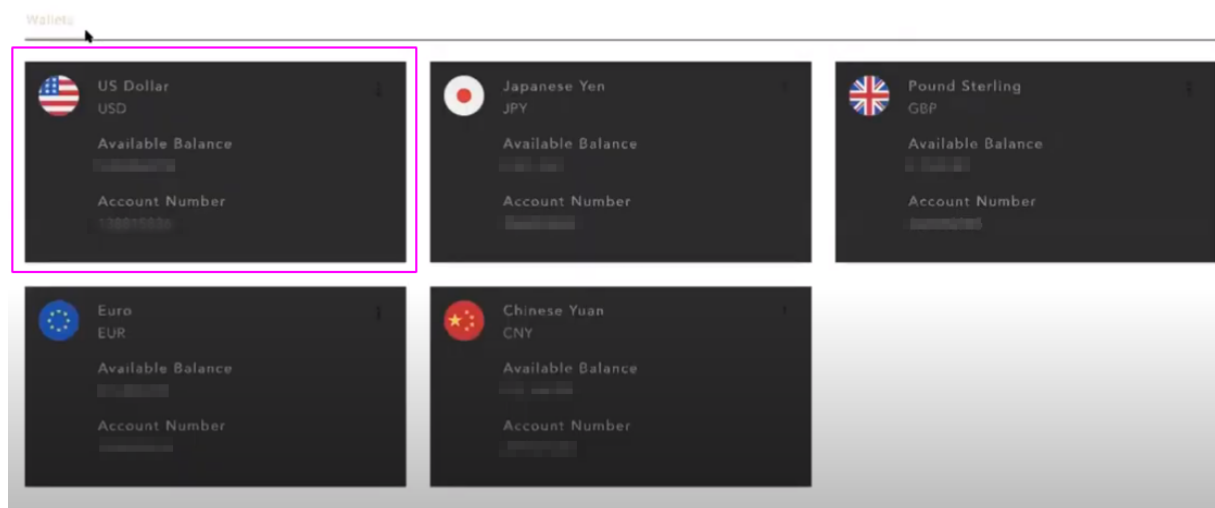

The **Accounts** section provides access to the traditional currency or Fiat Accounts, which are also called eWallets, as they hold up to five (5) traditional currencies, including as the US Dollar (USD), Euro (EUR), British Pound (GBP), Chinese Yuan (YUAN) or Japanese Yen (YEN). The USD Account is provided by default in all membership levels. The VIP memberships (Aluminum and higher) also add the other four (4) currencies. Persons with those memberships can change their default currency in Settings.

The Accounts section is the system's central repository of traditional currency, which can then be used to load the debit card, buy crypto, exchange fiat with other members, wire transfer to other accounts, and access Shopping Instant Rewards.

4.1 Access Accounts Details

To access the **Accounts** details:

- Login to **GS Lifestylecard.com**
- Click on **Accounts** in the menu,

- Click on the **USD (or desired currency) wallet image**

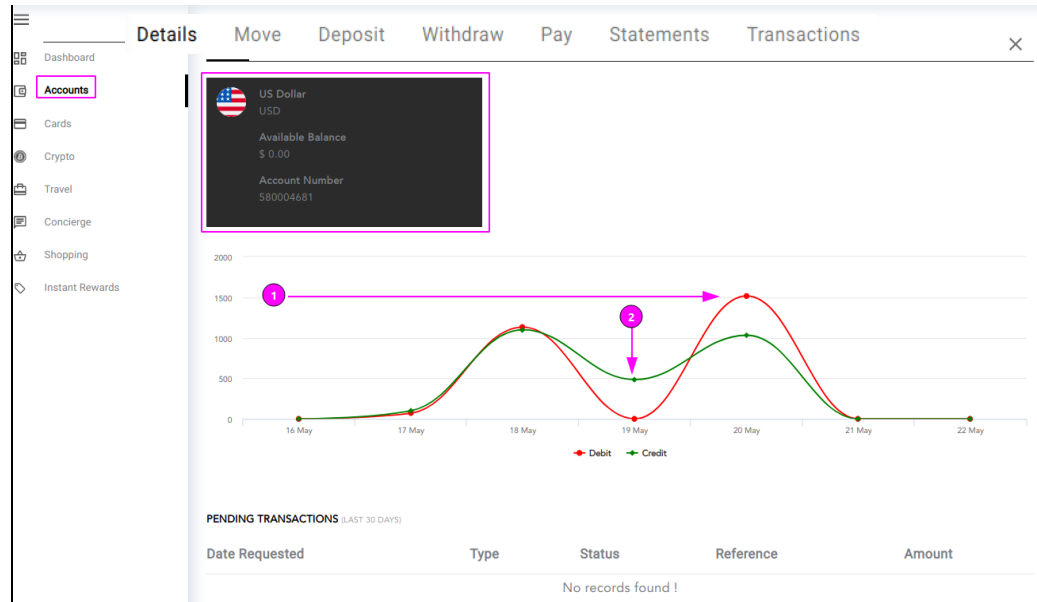

The submenu will be displayed showing functions that can be applied specifically to that currency wallet. These functions allow you to Move (Exchange currency to another), Topup (deposit funds to ewallet), Withdraw (send funds to users personal bank account), Pay (send funds to other parties, GSL members, or anyone with a Mastercard), also review Statements and Transactions.

A graph is also shown to illustrate recent daily debit and credit activity in the fiat account. In the example shown:

1. The account got a total Debit of approx \$1500 on 20th May (hover the mouse on that day's red dot will show the actual amount of US\$1517)
2. The account got a total Credit of approx US\$500 on 19th May, but zero Debit transactions on that day.

4.2 Move (Exchange currency from one type to another)

- Login to **GSLifestylecard.com**
- Click on **Accounts** in the menu, then click on the USD (or default currency) wallet image, OR Directly click on the **Accounts card image** in Dashboard / Quick links
- Click on the **Move** menu. The details on the selected currency wallet will be shown
- Click on **Select Beneficiary**
- Select the desired Fiat currency to exchange funds to
- Enter **Sending Amount** in Sending currency OR **Receiving Amount** in Receiving currency (the other field will be automatically calculated)
- Review Summary Details, including exchange rate at the time of transaction
- Click on **Confirm**
- Enter the **2FA Validation** code and press **Confirm**
- A message will popup with the heading "Transfer Done" and message "Transfer successfully completed." Click on **OK**

The screenshot shows the 'Move' screen in the app. At the top, there are tabs: Details, Move, Deposit, Withdraw, Pay, Statements, and Transactions. The 'Move' tab is selected. Below the tabs, there is a modal window showing details for a US Dollar account: Available Balance \$ 15.81 and Account Number 580004681. Below this, there is a section titled 'Wallet Transfer' with the subtitle 'Move money between your eWallets'. At the bottom, there is a dropdown menu labeled 'Select Beneficiary'.

4.3 Deposit (Loading traditional currency to eWallet Account)

There are 3 main ways to deposit fiat currency to the Fiat account: via a Crypto Deposit (which converts to fiat then is added to the balance), via a wire transfer from a UK or International bank, or from an International debit/credit card

4.1.1 Crypto Deposit

This process allows you to deposit traditional currency to the account from an external crypto wallet. During the process, it will be converted to the currency of the selected wallet and added to the current account balance.

NOTE:

1. This process will **NOT** send crypto to an equivalent GSLifestyle crypto wallet. If you wish to do that, you will need to go to the Crypto menu item (see Section 5)
2. As the crypto is being converted to traditional currency, this has to be done within a specific window of time, as the equivalent value of crypto keeps fluctuating.

- Login to **GSLifestylecard.com**
- Click on **Accounts** in the menu, then click on the USD (or default currency) wallet image
- Click on **Deposit**
- Select **Crypto Deposit**
- In the Deposit Money Online section, Select Crypto that will be sent, eg BTC
- Enter **Sending Amount** if the actual amount of crypto is known **OR Receiving Amount** in traditional currency. When an amount is entered in one field, the amount for the other field is automatically calculated.
- A Summary table will be displayed, showing the exchange rate, crypto amount, transfer fee, receiving crypto amount, and receiving amount in fiat. (Example at left shows how it looks if sending 0.005 BTC to USD at time of writing). This calculation is updated every 15 seconds to adjust for any rate changes
- Select **Terms and Conditions**
- Click on **Confirm**
- A crypto wallet address with QR Code will be displayed. This is the temporary wallet that the crypto has to be sent to.

Summary	
Exchange Rate	
1 USD = 0.00002697 BTC	
1 BTC = 37047.81 USD	
Transfer Amount : 0.00485 BTC	
Transfer Fee : 0.00015 BTC	
Transfer Total : 0.005 BTC	
Receiver Gets	
179.68 USD	
<input type="checkbox"/> Terms and conditions	

- If you have a crypto wallet app on your phone, which allows scanning of QR codes, then in that app,
 - select Withdraw or Send,
 - scan the QR code to get the recipient address and amount
 - Submit
- If your sending crypto wallet platform is accessible from your computer, or you are unable to scan the QR code
 - **Copy** the Wallet Address
 - Navigate to the platform that you are sending the crypto from
 - Select Withdraw or Send (whatever is your platform's terminology)
 - Paste the copied Wallet Address
 - Enter the amount to send (ensure to add any sending fees to the amount, to ensure the amount sent exactly matches the amount to be received)
 - Submit
- Click on **Notify**

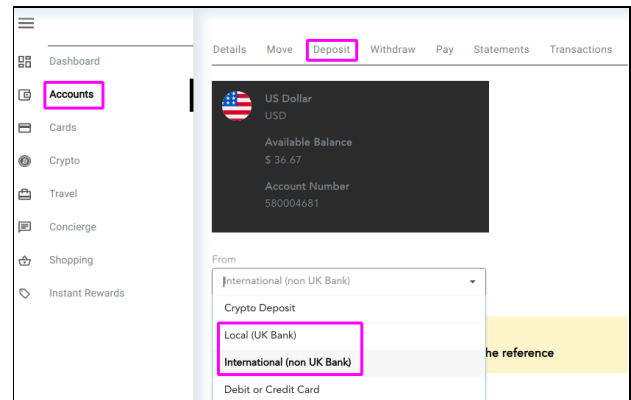

Once the crypto is received, the account balance will be updated. Note that the time for the crypto to be received in the account can vary based on the platform sending the crypto and blockchain activity

4.1.2 Deposit from Local/International Bank

This option makes it possible to get the information required for funds to be uploaded to your Fiat account from a bank or wire transfer. While the process must be initiated from the platform of the financial institution from which the funds have to be sent, they will need to know the bank account coordinates or details to send the wire transfer to. This information can be obtained from GSlifestyle.

- Login to **GSlifestylecard.com**
- Click on **Accounts** in the menu, then click on the USD (or default currency) wallet image
- Click on **Deposit**

- If you have a UK based account, **Select Local (UK Bank)**

- Information needed by the UK Bank will be displayed, including
 - Beneficiary
 - Reference Number (which is your GSL Fiat Account number)
 - Sort Code
 - Account Number
- Each field required has a **Copy** button next to it. This information is to be shared with the sending UK Bank's platform.
- The UK Bank transfer can take place in a few hours

- If you have a non-UK based account, **Select International (non-UK Bank)**

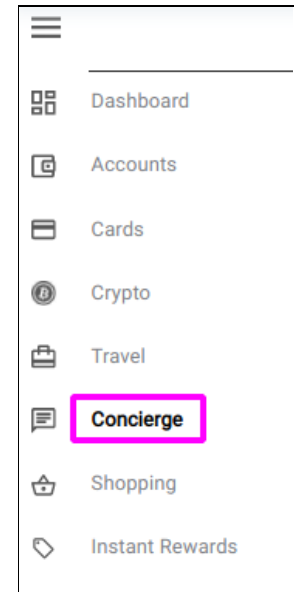

- Information needed by the sending institution will be displayed, including
 - Beneficiary
 - Reference Number (which is your GSL Fiat Account number)
 - IBAN
 - BIC
- Each field required has a **Copy** button next to it. This information is to be shared with the sending UK Bank's platform.
- The International Bank transfers take several working days to process, as advised by sending institution.

NOTE: CONTACT CONCIERGE TO CONFIRM BANKING DETAILS BEFORE SENDING ANY AMOUNTS

- Different financial institutions may require additional information, such as **SWIFT Code, Routing Number, Bank Name, Bank Address**, or other information which is not provided in the back office. Some countries may even be sending funds in a fiat currency which is not yet supported on the GSL platform. In these cases, the funds may be sent to an intermediary bank to convert to the relevant fiat before it arrives in the designated GSL fiat account.
- To be sure **please contact Concierge, requesting the bank transfer information as follows....**

- Login to **GS Lifestylecard.com**
- Click on **Concierge** in the menu
- In the area stating **Type Your Message**, enter your email address, date of birth, and telephone number (this will validate your identity to the concierge assistant)
- Request Wiring Details from GSL Concierge
- Post "Hello, I would like to send a wire transfer in [state sending currency] to my [state receiving currency] E-wallet. I would like to wire [state amount in sending currency]. I will need an intermediary bank (if sending and receiving currency is different). Please send me these details via email."
- Provide any additional information that Concierge needs (they will ask)
- Once the email is received, copy the relevant information and follow sending financial institutions' wire transfer process
- Once the transfer has been sent, the sending financial institution should send a notification with a confirmation code/MT103. Contact concierge and let them know this code so that they can look out for the deposit.

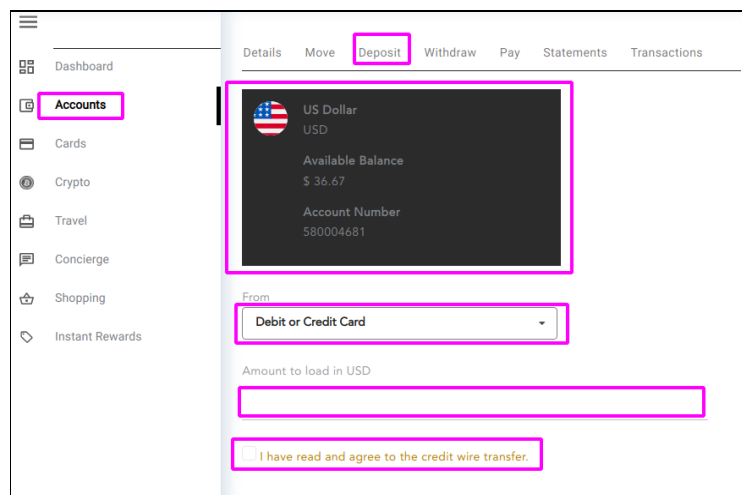

Please be advised that all financial transfers are subject to applicable laws and originating/receiving bank restrictions.

4.1.3 Deposit from Debit/Credit Card

You can deposit funds to your fiat currency account from an International debit/credit card in your name. In this process, funds are available immediately upon completion, and it is thus the fastest way to load funds to your GSL fiat account

- Login to **GS Lifestylecard.com**
- Select the desired Fiat Account wallet
- Click on **Deposit** in the menu
- Select Debit or Credit Card
- Enter the amount to load in the desired fiat currency

- Review and select the checkbox next to "I have read and agree to the credit wire transfer"

- If this is the first time using this particular card to load, then click on “Use different Card”. If it is not the first time, then “Select Card” from the drop-down list.

Your name and address will be auto-populated from your registration information. **Enter your credit card number, expiration date, and Card Validation Code (CVC)**

Select the checkbox **Save card for future use** so that it will appear in the “Select Card” drop-down list for a future transaction

From: Debit or Credit Card

Select Card

Use different Card.
Load wallet using unsaved card.

Please enter your card information

Card number MM/YY CVC

Save card for future use.

Pay Now

- Click on **Pay Now**
- A Summary screen will be displayed, to confirm the beneficiary details, the transfer summary (including fees, if any), and the total amount to be received
- Review this information then click **Confirm**
- Once the transaction is successful, a message will be displayed stating “Congratulations, your payment has been successful and the funds are now available in your account”

Summary

Beneficiary Details
Beneficiary name: Michael Williams
To account: 123456789

Transfer Summary
Sending amount: \$ 100.00
Fee amount: + \$ 0.00
Total Amount: \$ 100.00

Total amount to receive
Receiving amount: \$ 100.00

Confirm

Congratulations!
Your payment has been successful and the funds are now available in your account.

NOTE: If the transaction was not successful:

You will get the message: “Your recent payment was unsuccessful. Please try again in a couple of minutes. If the issue persists, please contact a member of support for further assistance. To contact support: support@gsstylecard.com or access support via the Concierge button.”

This will typically be due to insufficient funds, an expired or blocked card, or incorrect data (like incorrect validation code). Find and resolve the particular issue and try again.

If all the information related to the card is accurate and funds are available contact the issuing bank to determine whether the transaction was blocked. If it is, let them know that you authorize the transaction and that it is to a concierge membership service.

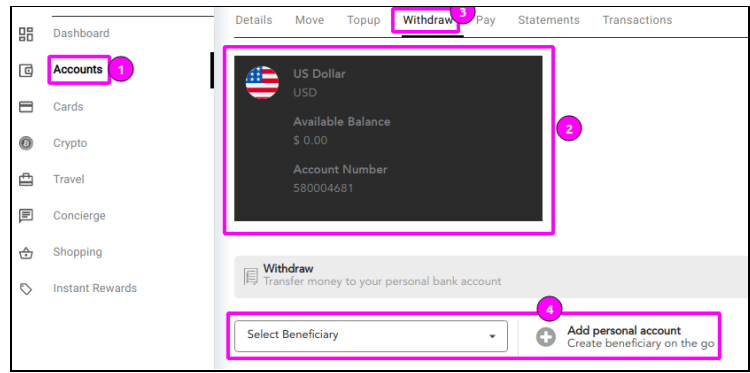

If information is accurate and the card is not blocked by the issuing bank, then contact support via concierge or via the email address above to assist in resolving the issue.

4.3 Withdrawing Fiat (to Personal Bank Account)

You can send funds from your fiat wallet to any personal account (in your name) in any financial institution. Once you have the banking details for your personal account, you can add your account as a beneficiary, then send funds to that account whenever there is a need to do so.

- Login to **GS Lifestyle card.com**
- Select the desired Fiat Account wallet
- Click on **Withdraw** in the menu
- Select desired Beneficiary account (if one was added before).
- If the Desired Beneficiary account was not added before:

Select "Add Personal Account" A "Create Beneficiary" window will appear.

Select **Destination Bank Country**

Select **Currency** of destination account. If the currency of the destination country does not appear, contact your financial institution to confirm whether your sending currency can be accepted and converted in your account, if funds in that currency are sent, eg will they accept USD.

Select **Next**. A **Create Beneficiary** window will popup.

Fill out all relevant details regarding your personal banking account. Please consult your bank to get any missing information.

- Country
- Beneficiary Reference (eg your personal bank account number)
- Destination Bank Name
- Destination Bank Address
- Destination Bank City
- Sort Code/Routing Number
- Account Number
- Swift Code
- IBAN

Click on **Next**

- Select Beneficiary (receiving bank) from the selection. A summary window will popup at the right of the screen, to confirm that the correct beneficiary was selected.
- Enter **sending amount** (must be minimum \$10 USD or equivalent)
- Confirm inclusion of 'Expedite Fee' if funds need to be sent faster
- Review Outbound Transfer Agreement at <https://gslifestylecard.com/transfer>.
- Click on the checkbox confirming "I have read and agree to the Outbound Transfer Agreement"
- Click on **Confirm**
- Enter the **2FA Validation** code and press **Confirm**
- A message will popup with the heading "Transfer Successfully Initiated"

4.4 Sending Fiat Currency to 3rd Parties

It is possible to send funds from the Fiat Currency Account to other parties, once they have a bank account, a business invoice, another GSL member, or even an International Mastercard issued by any financial institution. All of this is accessible from the GSL Account 'Pay' Menu.

- Login to **GS Lifestylecard.com**
- Select the desired Fiat Account wallet
- Click on **Pay** in the menu
- Select desired pay category:

Friend or Family

- Click **Pay Now**

Business or Invoice

- Click **Pay Now**

Another GSL Member

- Click **Pay Now**

Instantly send Funds to anyone in the world who has a valid Mastercard (debit or credit)

- Click **Send Funds**

- According to the category selected, continue in the relevant section below

4.4.1 Pay Friends or Family

A window will pop up with 2 options related to Paying an Individual, either Select a previously added beneficiary or select “Pay someone new”.

- If the Beneficiary was not added before:

Select “**Pay someone New**”. A “Create Beneficiary” window will appear.

Select **Destination Bank Country**

Select **Currency** of destination account. Select one of the 5 currencies to send (USD, GBP, EUR, CNY, JPY)

Select **Next**.

A **Create Beneficiary** window will popup. Fill out all relevant details regarding your beneficiary’s banking account.

- First Name
- Last Name
- Date of Birth
- Country
- Beneficiary Reference
- Destination Bank Name
- Destination Bank Address
- Destination Bank City
- Sort Code/Routing Number
- Account Number
- Swift Code
- IBAN

Click on **Next**

- Select Beneficiary (Friend’s or Family’s name) from the selection. A summary window will popup at the right of the screen, to confirm that the correct beneficiary was selected.
- Enter **sending amount** (must be minimum \$10 USD or equivalent)
- Confirm inclusion of ‘Expedite Fee’ if funds need to be sent faster
- Review Outbound Transfer Agreement at <https://gslifestylecard.com/transfer>.
- Click on the checkbox confirming “I have read and agree to the Outbound Transfer Agreement
- Click on **Confirm**
- Enter the **2FA Validation** code and press **Confirm**
- A message will popup with the heading “Transfer Successfully Initiated”

4.4.2 Pay A Business Invoice

A window will pop up with 2 options related to Paying a Business, either Select a previously added beneficiary from the drop-down list or select “Pay to New Business”

- If the Beneficiary was not added before:

Select “**Pay to new business**”. A “Create Beneficiary” window will appear.

Select **Destination Bank Country**

Select **Currency** of destination account. Select one of the 5 currencies to send (USD, GBP, EUR, CNY, JPY)

Select **Next**.

A **Create Beneficiary** window will popup. Fill out all relevant details regarding your beneficiary’s banking account (Please consult them to get any missing information).

- Business Name
- Registration Number
- Country
- Beneficiary Reference
- Destination Bank Name
- Destination Bank Address
- Destination Bank City
- Sort Code/Routing Number
- Account Number
- Swift Code
- IBAN

Click on **Next**

- Select Beneficiary (business name) from the selection. A summary window will popup at the right of the screen, to confirm that the correct beneficiary was selected.
- Enter **sending amount** (must be minimum \$10 USD or equivalent)
- Confirm inclusion of ‘Expedite Fee’ if funds need to be sent faster
- Review Outbound Transfer Agreement at <https://gslifestylecard.com/transfer>.
- Click on the checkbox confirming “I have read and agree to the Outbound Transfer Agreement
- Click on **Confirm**
- Enter the **2FA Validation** code and press **Confirm**
- A message will popup with the heading “Transfer Successfully Initiated”

4.4.3 Transfer Funds to Another Member

A window will pop up with 2 options related to Member Transfer, either Select a previously added Beneficiary from the drop-down list or select “Transfer to another member wallet”

- If the Beneficiary was not added before:

Select “**Transfer to another member wallet**”. A “Transfer to another member wallet” window will appear.

Enter **Wallet No** (the other member’s fiat currency Account Wallet Number, which they see when they click on the **Accounts** menu, which displays all fiat currency wallet numbers)

Enter **Reference Name**, that is, a description or name of the other member to whom the funds are being sent.

Select **Next**.

The **Member Transfer** window will now be displayed.

Enter **Sending amount**, the amount in the selected currency to send

Enter into **Payment Reference** a description of the reason for the funds transfer (use letters only, don’t use any numbers nor symbols).

Click on **Confirm**

- A verification window will pop up, prompting the entry of a Secret Code. This is the 6-digit 2FA code, shown on your Authenticator app
- Enter the **2FA Validation Secret Code** and press **Confirm**
- A message will popup with the heading “Transfer Done” and message “Transfer successfully completed.” Click on **OK**
- The Accounts Dashboard will be displayed, showing the reduced available balance.

4.4.4 Send Funds to an external Mastercard

This option allows you to send funds to anyone with a valid Mastercard (debit or credit) issued by any financial institution for US\$5.

- After clicking on **Send Funds**, the Recipients Details window will pop up.
- Enter relevant details about the recipient:
 - First Name
 - Last Name
 - Amount to send
 - Mobile Number
 - Email Address
 - Message to send to the recipient
- Click on **Send Money**

Recipient Details

<input type="text" value="Enter email"/>	<input type="button" value="SEND MONEY"/>

5. DEBIT CARD MANAGEMENT

Funds can be loaded to the debit card or 'Topped Up' from your Fiat eWallet account. Funds on the card can also be transferred from the card back to the Fiat eWallet account if needed.

5.1 Top Up Card from Fiat Account

- Login to **GS Lifestyle card.com** (if not already logged in)
- In the Left Panel menu, select **Cards** to access the Cards Dashboard
- Click on the image representing the debit card, to get access to the additional menus
- Click on **Topup**
- Select **Currency Symbol** to confirm which Fiat eWallet Account the card is to be loaded from. (This is USD by default)
- Enter the **Amount** of the Fiat currency to be loaded on the debit card (This must be less than the amount shown in Available Balance)
- Review the amount to be debited and received in the grey transaction area. If the funds are being loaded from a Fiat account other than USD, the details showing the rate of conversion and any associated fees will be displayed
- Click on **Confirm**
- Enter the **2FA Validation** code and press **Confirm**
- A message will popup with the heading "Transfer Done" and message "Transfer successfully completed." Click on **OK**
- The Card Dashboard will be displayed, showing the higher available balance on the card.

6. CRYPTO WALLET MANAGEMENT

GS Lifestyle's Crypto menu option, you will be able to Buy (convert fiat currency to crypto), Sell (convert crypto to fiat currency), Deposit (have funds sent to your crypto wallet), Send (withdraw to a 3rd party's crypto wallet) and also Add crypto (from a selection of cryptocurrencies to add)

6.1 Buying Crypto

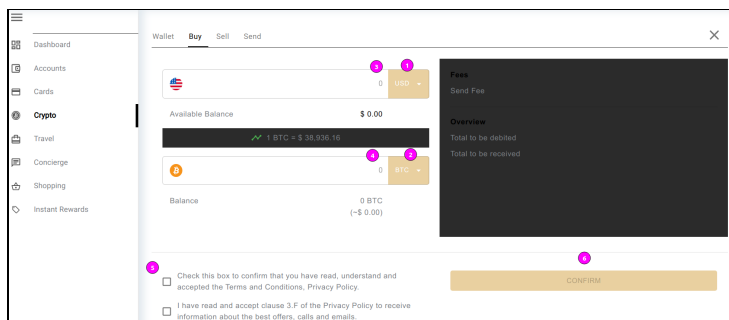

In order to purchase crypto, you must have sufficient funds available in your fiat currency account.

- Login to **GS Lifestylecard.com** (if not already logged in)
- In the Left Panel menu, select **Crypto** to access the Crypto Wallets Dashboard
- Click on **Buy**
- The Crypto Purchase window will show
- **Select the Fiat wallet** that the purchase will be made from (eg USD, EUR, CNY, JPY, GBP). *If your subscription is Starter or Basic, your currency will only be USD.*
- **Select the Crypto symbol** of the crypto from your list of crypto wallets that the fiat will be exchanged to. *If your subscription is Starter, your Crypto will only be BTC.*

- **EITHER**

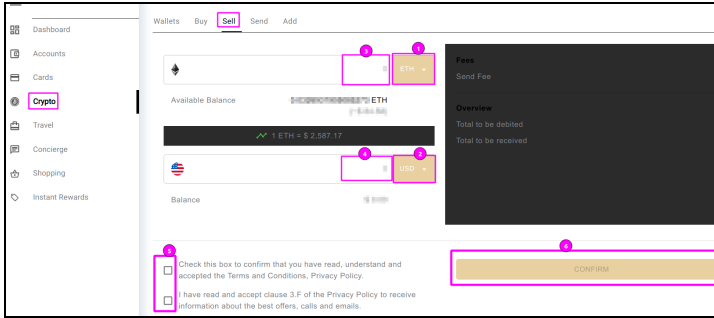

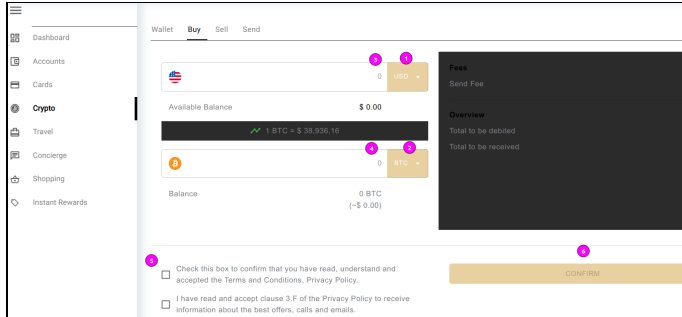

- **Enter the amount of fiat currency** to purchase the crypto. The amount of crypto to be obtained will be automatically updated in the Crypto field
 - **OR Enter the amount of Crypto** that needs to be purchased, the amount of fiat currency needed will be automatically updated in the fiat currency field.
 - **Review the transaction details** in the grey window showing the Send fees, Total fiat to be debited and Total crypto to be received
- **Click on the checkboxes** to agree that you have read the Terms and Conditions, Privacy Policy, and to accept clause 3.F of the Privacy Policy
- Click on **Confirm**

6.2 Selling Crypto

The Selling crypto is the process of converting a certain amount or value of crypto to update the relevant fiat currency account.

- Login to **GS Lifestylecard.com** (if not already logged in)
 - In the Left Panel menu, select **Crypto** to access the Crypto Wallets Dashboard
 - Click on **Sell**
- 
- The Crypto Purchase window will show.
 - **Select the Crypto symbol** of the crypto that will be sold. *If your subscription is Starter, your crypto will only be BTC.*
 - **Select the fiat currency** of the wallet that will be credited. *If your subscription is Starter or Basic, your fiat currency will only be USD.*
 - **EITHER**
 - **Enter the value of the fiat currency** to be obtained. The amount of crypto to be sold will be automatically updated in the Crypto field
 - **OR Enter the amount of Crypto** to be liquidated. The value in fiat currency will be automatically updated in the fiat currency field.
 - **Review the transaction details** in the grey window showing the Send fees, Total crypto to be debited and Total fiat currency to be received
 - **Click on the checkboxes** to agree that you have read the Terms and Conditions, Privacy Policy, and to accept clause 3F of the Privacy Policy
 - Click on **Confirm**
 - A verification window will pop up. Enter **2FA Secret Code** from your authenticator app.
 - A Transaction completed message will be shown.
-

Confirm

6.3 Sending (Withdrawing) Crypto

To withdraw crypto, you will first need to get the recipient's crypto address of the same type. For example, to withdraw Ethereum, you will need the recipient's Ethereum address. Some cryptocurrencies work on different blockchains, for example, USDT is based on an Ethereum (ERC-20) blockchain, but there is also a USDT version that is based on a Tron (TRC-20) blockchain. One type cannot be sent to the other type. For example, USDT (ERC-20) addresses start with '0x', while USDT (TRC-20) addresses start with 'T'. Several wallets in GSlifestyle are based on the Ethereum (ERC-20) blockchain: Ethereum (ETH), Tether (USDT), USDC, Paxos (PAX) and Basic Attention Token (BAT).

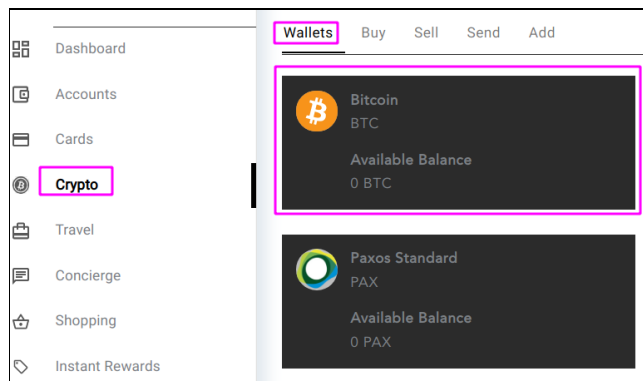

- Login to **GSlifestylecard.com** (if not already logged in)
- In the Left Panel menu, select **Crypto** to access the Crypto Wallets Dashboard
- Click on **Send**
- **Select the Crypto** to be sent from the drop-down list. The available balance will be shown, along with the current estimated value in the default currency
- Enter the **Amount** of crypto to be sent.
- Review the Transaction Overview in the grey window, which automatically updates to show the Send Fee, Miner Fee, Total to be debited, and Total amount that the recipient will get. The estimated value in default currency at the time of the transaction will also be shown.
- Enter **Beneficiary** name or description
- Enter **Your Reference** to briefly explain the purpose of this transaction
- Click on the checkbox to confirm that you have read and accepted the Terms and Conditions, and Privacy Policy
- Click on **Confirm**
- A verification window will pop up. Enter **2FA** Secret Code from your authenticator app.
- A Transaction complete message will be shown.

6.4 Depositing Crypto (from other wallets)

Before crypto can be deposited into your wallet, the address of the wallet must first be provided to the platform sending the crypto. As such, this section shows how to find the crypto address to send to others.

- Login to **GS Lifestylecard.com** (if not already logged in)
- In the Left Panel menu, select **Crypto** to access the Crypto Wallets Dashboard
- Click on **Crypto Wallet**, for example, if Bitcoin, select the BTC box

- The QR Code of your crypto address, along with the text of the address, will be displayed.
- Do one of the following:
 - Scan the QR code with the QR code scanner from the sending platform (if it has one)
 - Press the **copy** button to copy the text of the address on the clipboard
 - Select the entire address with your mouse, right-click and choose 'copy' or simply type Ctrl-C or command-C on the keyboard
- Paste the destination address in the sending platform, or forward it to the person who will be ending the coins in your preferred messaging application

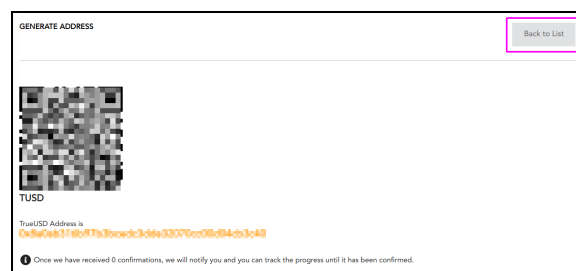

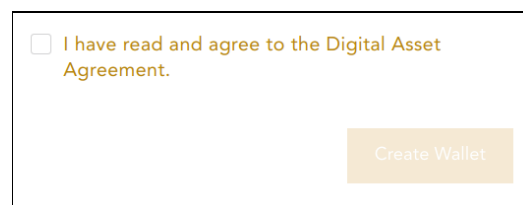

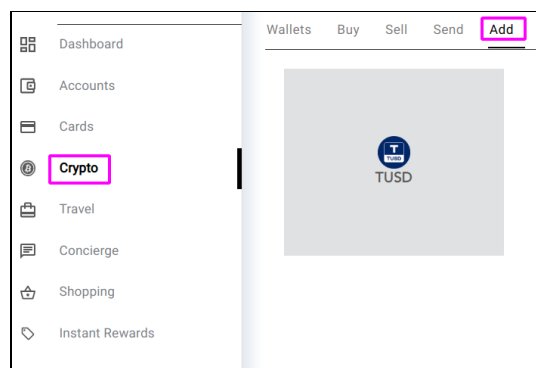

Note that while some persons may wish to write down all of the characters in their crypto address and put it away somewhere, due to the length of these addresses, there is a huge risk of incorrectly transcribing some characters (eg is it a '0' or the letter 'O') as well as risk of mistyping characters when retyping it in. So it is better to copy the frequently used addresses and paste them in a document for easy reference so that when someone asks for your crypto address, you can easily copy it and send it to them.

6.5 Adding other Crypto Wallets

All GSlifestyle memberships come with a Bitcoin (BTC) wallet by default. With the exception of the Starter plan, all other memberships allow the addition of other wallets. Some can be added for free, some have a cost attached, some are free but dependent on Ethereum being added first.

- Login to **GSLifestylecard.com** (if not already logged in)
- In the Left Panel menu, select **Crypto** to access the Crypto Wallets Dashboard
- Click on **Add**.
- A list showing all the available cryptos will be displayed, each in its own box. If there is a cost to add a crypto wallet, the setup cost in the default currency will also be shown.
- Click on the Crypto that you want to add to your account
 - If there is a cost to add the account, this will be deducted from your fiat currency account. The crypto with setup costs are:
 - EOS (\$2 USD)
 - ETH (Variable, depending on blockchain state)
 - If there is a dependency on another crypto being added first, such as Ethereum, you will not be able to add it. The crypto needing ETH to be added first are:
 - USDT
 - USDC
 - PAX
 - BAT
- A Window will popup confirming that you have read and agree to the Digital Asset Agreement. **Click on Checkbox.**
- Click on **Create Wallet**
- The QR code along with the text address of the generated crypto wallet will be displayed (this example shows LTC)
- Click on **Back to List** to be taken back to the Crypto Dashboard, which will now include your newly added crypto

7. VALUE-ADDED SERVICES

GS Lifestyle membership provides additional services to its members related to travel bookings (similar to services such as Travelocity and Expedia), personal assistant concierge services, shopping services, and Instant Rewards. One can review different combinations of dates and venues before making a decision.

7.1 Travel

- Login to **GS Lifestylecard.com** (if not already logged in)
- In the Left Panel menu, select **Travel**
- Click on **Hotels**
- Select **Number of Adults** that the booking is to be made for (from 1 to 5)
- Type in the desired **Location** such as city or country
- Select **Start Date** from the Calendar, click **OK**
- Select **End Date** from the Calendar, click **OK**
- Click on **Search**

Rating : 4,5 stars ▼ Min Price: \$ 20.00 ▼ Max Price: \$ 0.00 ▼ Free Cancellation : Any ▼ Hotel Name :

- A result list of potential hotels in that city will be listed, along with pictures, ratings, their respective prices.
 - This result list can also be filtered based on
 - Rating
 - Minimum Price
 - Maximum Price
 - Free Cancellation
 - If the list is huge, and you are interested in finding out if a particular hotel is on the list, you can also enter any part of the specific Hotel Name and press **Enter**.
- Click on **Rooms** to get more details on a specific hotel.
 - The display will show the number and types of rooms available, along with conveniences and cost, as well as how long Free Cancellation is available.
- Click on **Book**.
- Details on the Guest's name, Number of Guests, Arrival and Departure Dates, Payment Method (select Fiat wallet), and Total amount to be debited (including Taxes and Fees) will be displayed.
- Click on **Complete Booking**
- Your Booking will now be available in the My Bookings list under Travel

7.2 Concierge

Concierge Services are available for all KYC Approved customers. They provide assistance in support matters regarding the account, such as getting tracking numbers for delivery of the card, getting fiat currency bank wire information, determining fiat currency load limits, etc. They also provide a lot of practical assistance in shopping, setting up travel itineraries, searching for specific items to purchase online, even sending funds to other parties. Simply ask a question, and one of the concierge team members will respond. If you have a Solid Gold membership, a dedicated Concierge team member (personal butler) will be assigned to you.

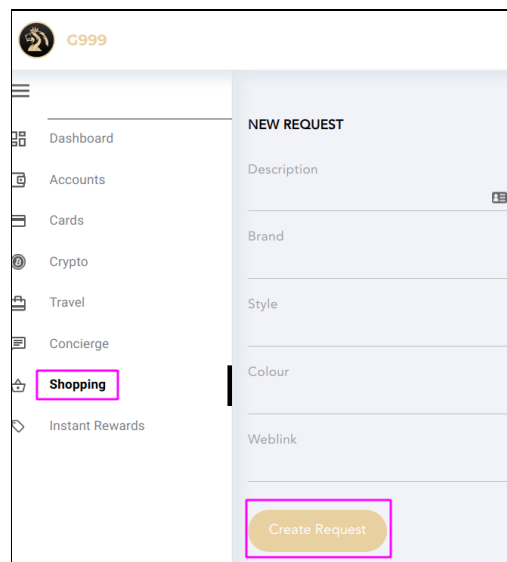

To access the concierge Services:

- Login to **GS Lifestylecard.com** (if not already logged in)
- In the Left Panel menu, select **Concierge**
- Type your message in the Message Box, then press Enter
 - Tip: When starting a conversation, start off with entering the following in one line:
 - Email Address
 - Telephone Number
 - Date of Birth
 - This allows the available concierge member to confirm your details and provide support based on your account membership.

7.3 Shopping

GS Lifestyle membership provides assistance in searching for specific things to purchase online. This is very helpful for persons who may have very important or frequent things to search for online.

- Login to **GS Lifestylecard.com** (if not already logged in)
- In the Left Panel menu, select **Shopping**
- In the New Request section, enter as many details as possible for the request:
 - Description (The name of the item being sought)
 - Brand
 - Style
 - Colour
 - Weblink (if to search in a specific site)
- Click on **Create Request**

The screenshot shows the GS Lifestyle app interface. On the left, a sidebar menu lists various services: Dashboard, Accounts, Cards, Crypto, Travel, Concierge, Shopping (highlighted with a pink box), and Instant Rewards. The main content area is titled 'NEW REQUEST' and features several input fields for creating a shopping request: Description, Brand, Style, Colour, and Weblink. At the bottom right of this section, there is a yellow 'Create Request' button, also highlighted with a pink box.

- A list of Shopping Requests will be shown, showing the Reference, the Description (which you entered), and the status. If you see the status as 'Search Complete', you can click on that notification to proceed.

SHOPPING REQUESTS

7.4 Instant Rewards

GS Lifestyle members have access to obtain gift vouchers from multiple Merchants and Brands, and also get an Instant Reward (Cash Back) in their Fiat accounts once the vouchers are redeemed.

- Login to **GS Lifestylecard.com** (if not already logged in)
- In the Left Panel menu, select **Instant Rewards**
- A searchable list of merchants will appear.
 - Browse through this list or search for a specific merchant
 - Filter by Fiat Currency in the search window
 - Search for merchant name in Find a Merchant search bar
- Once the merchant is found, click on **Select**
- A window will open showing the details for the selected merchant.
- Enter your name
- Enter the cash amount of the voucher you wish to purchase
- Enter a message to the person that the gift voucher is to be sent to
- Select the Payment Currency
- Click on **Redeem**
- After Redemption, the Voucher will be added to the **Your Rewards** tab
- Click on **Instant Rewards** in the main menu
- Click on the **Your Rewards** tab
- Click on the voucher image
- Enter **2FA** Secret Validation Code, then click **Confirm**
- The Gift Card details will be displayed (in this example, Amazon).
- Choose one of the following:
 - **Print** the Gift Card (to give someone)
 - **Edit** Message, to change personal greeting before printing or sending
 - **Send** as a Gift (email gift voucher to someone)
 - **Save** to phone (GPay)
 - Or simply Copy Gift Card Claim Code for yourself

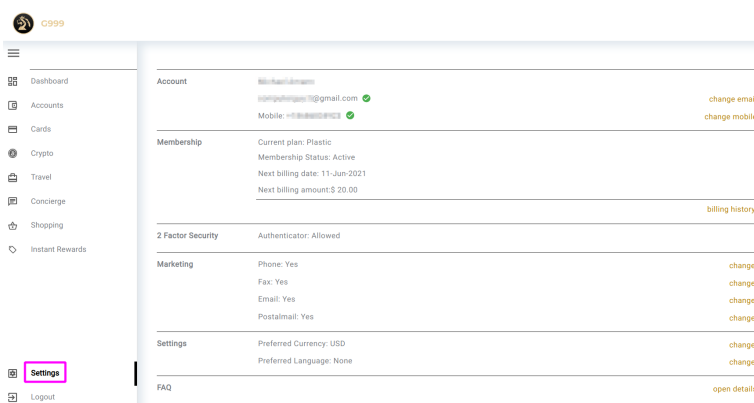

8. SETTINGS AND ADMINISTRATIVE MATTERS

Most administrative matters can be handled by contacting Concierge Services (see section 7.2). You can see details about your account by going into the **Settings** menu. But there are some things that you can change about your account by simply modifying the relevant area.

- Login to **GS Lifestylecard.com** (if not already logged in)
- In the Left Panel menu, select **Settings**

- A display will appear showing all relevant Account details and subscription settings, as follows:
 - Account Information
 - Name
 - Email Address*
 - Mobile Number *
 - Membership Details
 - Current Plan
 - Membership Status
 - Next Billing Date
 - Next Billing Amount
 - Billing History**
 - 2 Factory Security
 - Authenticator status
 - Marketing Permissions
 - Phone
 - Fax
 - Email
 - Postal mail
 - Settings
 - Preferred Currency *
 - Preferred Language *

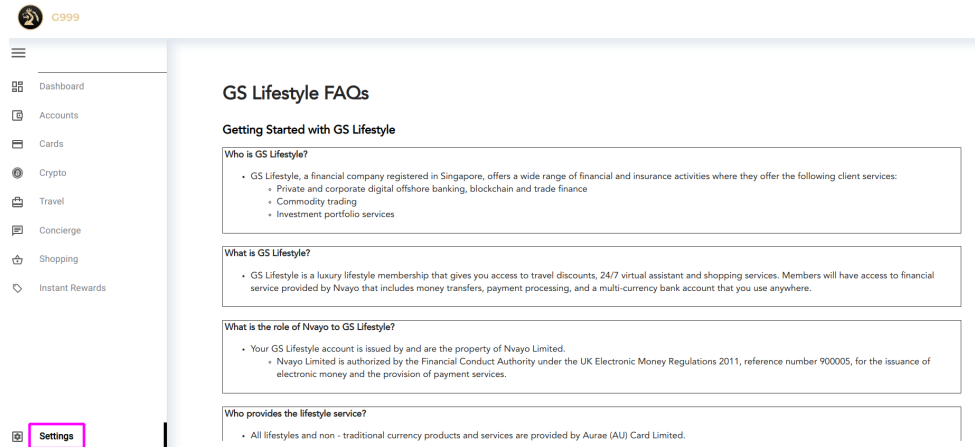

* Changes can be made to these items, by clicking on the change button in that section
